Network Dynamics, Inc. (NDI) Achieves Gold Re-Certification from Cisco in United States

Network Dynamics, Inc. (Oldsmar, FL) – February 22, 2011 – Network Dynamics, Inc. announced today it has achieved Re-Certification from Cisco®. To earn Gold Re-Certification, Network Dynamics had to meet rigorous standards for networking competency, service, support and customer satisfaction set forth by Cisco.

“Network Dynamics is proud to announce renewal of our Gold Level status with Cisco,” said Jim Bradshaw, president and chief executive officer at Network Dynamics. “We aggressively invest in our Cisco certifications to ensure that we have the proper knowledge base that allows us to provide the ongoing delivery of excellent customer service.”

“We are committed to providing the tools, training and programs that help drive partner growth, differentiation and profitability,” said Edison Peres, vice president and chief go-to-market officer for worldwide channels at Cisco. “With specializations in Unified Communications, Routing and Switching, Security, SMB and Wireless LAN, Network Dynamics has made an investment in developing the capability to deliver the integrated and customized technology solutions today’s customers demand.”

The [Cisco Resale Channel Program](#) provides a framework for partners to build the sales, technical and Cisco Lifecycle Services skills required to deliver Cisco solutions to end customers. Through the program's specializations and certifications, Cisco recognizes

a partner's expertise in deploying solutions based on Cisco advanced technologies and services. Using a third-party audit process, the program validates a partner's technology skills, business practices, customer satisfaction, presales and postsales support capabilities, and other critical factors that customers consider when choosing a trusted partner.

As a Cisco Gold Certified Partner Network Dynamics has met the requirements for attaining the broadest range of expertise across multiple technologies by achieving Cisco advanced specializations in unified communications, routing and switching, security, and wireless LAN. In addition, Network Dynamics has integrated Cisco Lifecycle Services into its offerings and is required to maintain high levels of customer satisfaction. Cisco Gold Certification provides Network Dynamics with access to comprehensive sales, technical, and lifecycle services training and support available from Cisco.

About Network Dynamics, Inc.

Network Dynamics, Inc. (NDI), a network technology and lifecycle solution provider, specializes in designing, implementing, maintaining and managing mission-critical networks for Corporate Enterprise and SMB Clients, Value Added Resellers (VARs), Network Equipment Manufacturers, Carriers and Integrators throughout North America and most major international markets.
